JOCKEY COOK IS SET DOWN FOR LIFE  
FOR GOADING HORSE WITH NAIL

Slip of a Boy Says He Used Trick at Washington Park and Didn't Know It Was Wrong.

What might have developed into a brilliant turf career was cut off Thursday at the race track when the stewards barred Little Jay Cook from the Juarez course for life because of a trick he used in the second race when he was up on Anona, running third in the event.

When the horse scored back to the jockey's stand and blood was streaming from the horse's neck on the right side, Examination showed that a sharp nail had been fastened in the end of the jockey's whip and instead of whipping his mount on the stretch, Cook had prodded the animal with this nail after the fashion of a bull fighter torturing a bull. When questioned about the matter, Little Cook told the stewards that he had used the trick all season at Washington Park and did not know it was wrong.

Suspend Trainer and Valets.

The stewards immediately went into conference and decided to rule everyone connected with the affair from the track. Entries from the Closson Bros. stable were refused and C. Pyle trainer, W. Young and D. Powell, valets, were indefinitely suspended.

Cook, the jockey, who was set down for life, is a mere slip of a boy, not over 15 and no bigger than a lad in the third grade at school. He was not riding for the Closson stable but was attached to the S. N. Holman stable, being a protégé of Holman and has frequently ridden The Thorn. Cook was quite a favorite at Washington Park last winter where he rode his apprentice races. He is a bright eyed little chap and his misfortune may be the making of the little fellow, as his career on the track is now ended since an expulsion from one track practically means all the tracks in the country. The Closson string includes Anona, Orobá and Straightline.

Souvenir day Thursday was not a success as the weather was too cold to permit anyone to watch the races with any degree of comfort.

The American league has announced its schedule for 1910. One of the features is that it contains only a few conflicting dates with the National league. The list, as usual, contains 154 games.

Chicago, as usual, has the greatest number of conflicting dates. There are eight clashes between the two local clubs. St. Louis has the only other conflicts.

The Chicago club drew many of the choice dates, having July 4, Labor Day, 17 Sundays and 14 Saturdays.

The season will open on April 14, with the following games: St. Louis at Chicago, Cleveland at Detroit, Philadelphia at Washington and Boston at New York.

The first sectional series will open in the east on May 10 with Cleveland at Philadelphia, Chicago at Washington, Detroit at New York and St. Louis at Boston.

SAYS MAGNATES ACT  
LIKE CHORUS GIRLS

Barney Dreyfuss Disgusted With National League Tangle.

New York, N. Y., Feb. 18.—"They are acting like a lot of jealous chorus girls," said Barney Dreyfuss, speaking of the National league magnates still unable to settle the game schedule for the next season. Barney is disgusted about it. "It is one grand fight over trivial matters," said Dreyfuss.

The four day's fight has resulted in nothing.

Fogel the Illusionist.

Up to midnight last night, Horace Fogel, president of the Philadelphia club, was still confined to his room, ostensibly suffering with gout, but about 9 o'clock he quietly left the Waldorf-Astoria, climbed into a taxicab and was off, presumably for Philadelphia.

All week the magnates have been waiting for Fogel before acting on the claim of William J. Murray, former manager of the Philadelphia club, who asserts that he was deposed when his contract had two years to run. Fogel's departure forestalls any action in the matter.

With Fogel in his room, Stanley Robinson of St. Louis III, and in bed; C. H. Ebbetts of Brooklyn also on the sick list, the adjourned meeting of the magnates, which was to have been called at 2 o'clock Thursday afternoon, did not get together until 4 o'clock. Ebbetts by that time was able to attend, but was somewhat of a gathering of invalids, for John Brush of New York was also ailing and had to be assisted to the meeting.

One Vote Taken.

Only one vote on the question of adopting the league schedule of 154 games or the shorter schedule of 153 games, was taken. With the proxies of Fogel and Robinson held by Charles W. Murphy of Chicago, it was announced that the vote would be changed, Cincinnati, Pittsburgh and Boston favoring the short schedule and the others holding out for the long list.

Heated arguments arose over the fact that both schedules assign six conflicting dates to St. Louis and two to Chicago. Both Robinson and Murphy insist that there must be a change. This complicates matters so that it looks like a hopeless deadlock, with a possibility that the magnates may adjourn for two weeks.

Baltimore of the Eastern league has sold Jim Maroney, the left-handed pitcher, to the Philadelphia Nationals.

President Lynch said that he thought after this season the National commission would pass upon the schedules, arranging dates that would work automatically year after year.

SCHOOL BOARD TO GIVE TROPHY FOR FIELD DAY.

Public school superintendent F. M. Martin has secured the promise of members of the school board to contribute toward the purchase of a trophy cup for the boys of the schools.

An open competition will be held on a field day some time in May when the members of the teams of the various schools will engage in athletic games and the cup will be presented to the school making the greatest number of points.

POSTPONED CITY LEAGUE GAME.

A postponed basketball game last night at the Shops and the Y. M. C. A. Blues, the Southwestern Shops won by the score of 26 to 16.

## BOWLING.

One bowling pin does not look much bigger than its steel counterpart which is a household necessity in every home. But one pin standing on the ten spot of a bowling alley may mean everything in a match game. A single, solitary pin, alone in the wilderness of hardwood won the Thursday night match for the busy-Business Men in a game with the Y. M. C. A. team. On points the business men bowlers were one in the lead after the third game, but the high point of the deciding one of the game, went to them by just one lonesome pin standing on the right hand alley.

The scores made were:

SOUVENIR DAY AT  
THE JUAREZ TRACK

Thursday was souvenir day at the Juarez track. The souvenir is a bound booklet containing pictures of the official views of the grandstand and other parts of the racing plant and a number of likenesses of the prominent horsemen, and their thoroughbreds now being raced at the Mexican track.

The front cover of the souvenir booklet is in three colors and has a full length view of the concrete grandstand, showing the promenade and the stretch track. The border of the picture is decorated with typical Mexican figures and monograms of the Jockey club. The souvenir was published by Peter Clark, of Alameda, Cal., under the auspices of the Juarez Jockey club.

BURLESON ARGUES FOR  
ANTI-FUTURES BILL

Washington, D. C., Feb. 18.—Representative Burleson, of Texas, today resumed his arguments in favor of the anti-futures bill before the house agricultural committee.

Burleson charged that the cotton exchange's only purpose is to hedge and that exchanges don't deal in spot cotton, but conduct a business of dealing in contracts only.

Burleson strongly denied that exchanges protect the spinners.

Representatives of the grain exchanges will be heard this afternoon, as the bill is to knock out both cotton and grain.
